

## modu™ phone

at the heart of the modu ecosystem is a tiny, modular and sleek mobile phone, the lightest in the world.

in addition to its complete mobile functionality, the modu™ phone is a music player and a mass storage device, with 2GB internal memory.

the innovative modu™ phone features a dynamic user interface and a unique seven-key keypad.

customize the look and features of your modu™ phone by inserting it into other devices, including a range of stylish phone enclosures, called modu™ jackets.
